SUMMER ENRICHMENT PROGRAM

*Provided by
Community Based
Family Intervention
Program*

724-638-4400

Program Overview

David Oldfield, creator of “The Journey: A Creative Approach To The Necessary Crises of Adolescence”, characterizes adolescence as crisis.

Young people trying to find a place where they can “fit-in” while going through physical, mental and emotional changes. The “fit” they find is often mismatched, but they lack the skills to help them move on, which leaves them in crisis.

The Community Based Family Intervention Program’s Summer Enrichment Program is a six week personal growth experience for “At Promise Youth in Crisis”.

The goal of the program is to develop competencies for youth, ages 12-17, who struggle with finding a “fit” and moving on, if mismatched.

Six Weeks

The Summer Enrichment Program is 6 weeks of fun filled learning. Program activities are held on Tuesdays, Wednesdays, and Thursdays from 10:00 a.m. - 3:00 p.m. at the New Light Education Center, 753 Cedar Ave., Sharon, PA. A free lunch is provided for the campers.

Curriculum

The curriculum incorporates physical exercise, age appropriate small and large group activities, structured recreation, vocabulary enhancement, and developing social skills for positive interaction. Campers also have the opportunity to participate in field trips outside of the local community. An awards luncheon is presented at the end of the summer camp where family members can enjoy a lunch and acknowledge the achievements of each camper.

The Summer Enrichment Program Teaches Youth

Self-Concept / Self Esteem
Character Building
Respect / Boundaries
Anger Management
Social Skills / Relationships
