To the Contractor:

The following Addendum is intended to clarify and / or amend the Contract Documents as follows. Please note that this Addendum has been reviewed and incorporated into your bid in the proper space on the Proposal Form.

REFERENCE DRAWINGS

1. Reference Sheet No. E-102:
 - A. The distance between the proposed Penn Power utility pole and pad-mounted transformer is approximately 220 feet. Bidders may use this value to determine quantities for trench, conduit, pull cord, and backfill required. Refer to Drawing E-601 for additional information.

2. Reference Sheet No. E-601:
 - A. Clarification to:
 Single-Line Diagram – New Work County Computer Room/Office Building
 and
 Single-Line Diagram – New Work Vo-Tech (Aquaponics Lab)

The Penn Power utility pole, primary conduit, and transformer are repeated in the one-line diagrams. There is only one utility pole, primary conduit run, and transformer. The new transformer will serve both buildings.
