County of Mercer

The County of Mercer will be holding three Clean & Green Workshops that will be conducted by the Mercer County Tax Assessment Office and Stephanie Zimmerman, Director of the Bureau of Farmland Preservation.

Clean & Green is a preferential tax assessment program, that bases property taxes on use values rather than fair market values. This ordinarily results in tax savings for landowners. The Pennsylvania General Assembly enacted this program in 1974 as a tool to encourage protection of the Commonwealth's valuable farmland, forestland and open spaces.
